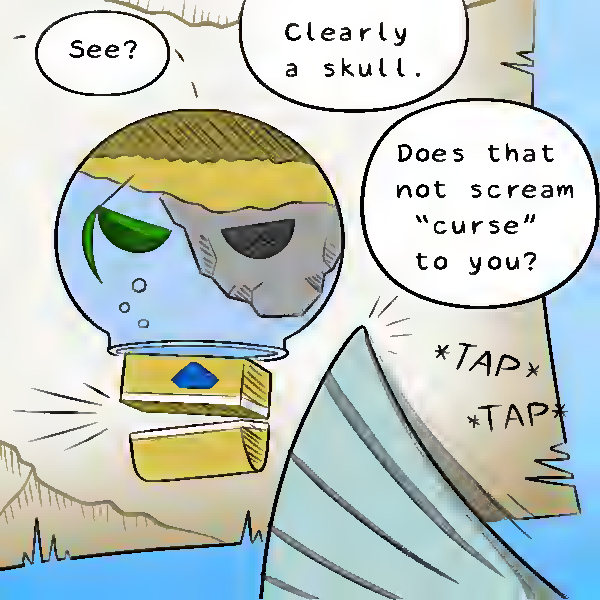
According to the map, the artifact is buried somewhere in this cave!

After months of searching, the fabled "Globe of Valor" will finally be ours!

Okay, cool.
So it doesn't bother you at all that the artifact is cursed?
Cursed? How do you figure?

Are you blind? Turn the map around, jackass!
TURN



See?
Clearly a skull.
Does that not scream "curse" to you?

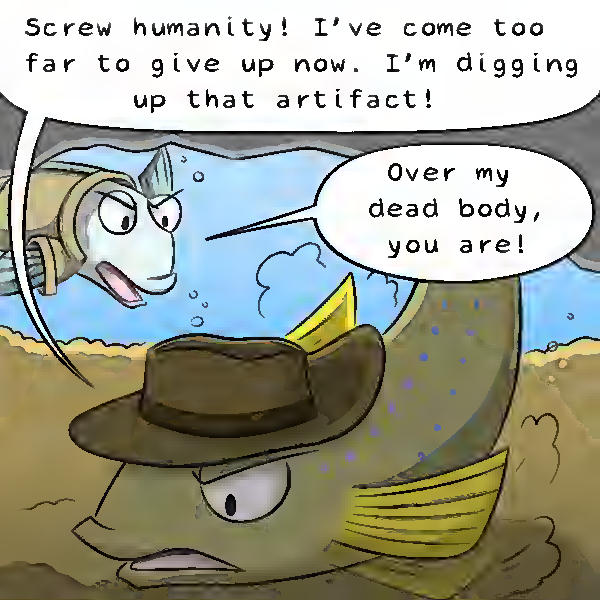
A HUMAN skull, though. We're fish, so who cares?
Wha?! Do you really want to risk bringing death to all humanity?!
Please don't fight...



Screw humanity! I've come too far to give up now. I'm digging up that artifact!
Over my dead body, you are!
